

Training

Whatever your role or career stage, the SSTUWA's Education and Training Centre can provide high quality industrial, professional, career development, financial and occupational health and safety courses to support your needs.

All our courses are conducted by skilled, experienced and passionate educators who provide outstanding learning opportunities around a wide range of topics and industrial matters.

This year we plan to build our list of offerings and are committed to responding to member needs and requests. Please feel free to call me on (08) 9210 6035 to discuss any professional or industrial topics that could be added to our program.

I look forward to welcoming you to the ETC.

Kevlynn Annandale | Education and Training Centre Coordinator

Trade Union Training (TUT)
